

Aladdin Supplies and Extra Parts

The many improvements made in the Aladdin from time to time, have necessitated new designs of certain parts that could not always be made interchangeable in all the different models. Therefore, to make it convenient for you to order supplies and extra parts for your customers, we show herein parts that fit the different models of the Aladdin.

In ordering, it is well to always specify the model of the Aladdin, as well as the finish. The model number appears on the button of wick ratchet of Nos. 5-6-7-8-9-10-11 and 12. For extra parts for Aladdin lamps of models previous to Model 5, send the old part in for duplication, if you cannot determine what to order from information given.

Aladdin Extension Fixture No. 3

This new patented fixture, unlike any other on the market, is made entirely of pressed steel, therefore virtually indestructible. It is designed to fit snugly against the ceiling like a canopy, which gives it a neat and trim appearance. It can be extended approximately 3 feet and 6 inches. Its locking device is very unique, permitting the fixture to carry any load that can be safely put upon the chains and at the same time will lock at any desired point. It is positive in action and has no friction brake. Very smooth and quiet in operation. While designed especially for Aladdin Hanging Lamps can be used on any style hanging lamp. Satin or nickel finish. State finish desired.

Price \$3.00
