

# SAXONIA

# New *SAXONIA* Incandescent Kerosene Oil Lamp Burner . . . .

---

## *A Saving in Money.*

*Because* it burns only one-third the oil, costs one-fifth of gas and one-tenth of electricity.

## *A Saving in Time.*

*Because* the lamp requires filling but one day in three compared with the ordinary lamp.

## *A Saving to Eyesight and Health.*

*Because* the **Saxonia** gives a steady fine white light of 80 candle power, but less trying to the eyes than the flickering gas or oil light and without a particle of odor. Much headache and tired feeling is caused by the smell of burning oil and the flickering light of the ordinary lamp. A **Saxonia** makes the evening hours most pleasant.

## *A Help to any Household.*

*Because* it produces three times the light of an ordinary lamp at one third the cost. *The Saxonia is truly a great invention.* A feature seemingly impossible

has at last been perfected with the **Saxonia**. Gas is made directly off the top of the wick and burned on the inside of the mantle, similar in looks to the ordinary city gas mantle. The combination of air, oil and the **Saxonia** makes any lamp a wonderful power of light and absolutely safe.

The **Saxonia** lights on the wick and turns down (and there is no odor) like any ordinary lamp, turn it up and the flame immediately expands to the mantle and then into a beautiful, strong white gas light so pleasant and so economical.

The *Saxonía* Burner with our oil pot as shown fits any fancy vase lamp.

**Consider** the saving in oil. It burns but one quart in 15 hours, and you will buy a *Saxonía*.

**Consider** the saving to health, no odor or flickering light, and you will buy a *Saxonía*.

**Consider** the comparative light with gas, electricity, or centre draft lamp, and you will buy a *Saxonía*.

**Consider** the simplicity, safety, and reliability of a *Saxonía* and you will have no other.

**Consider** it from any point you will, and we cannot conceive how you can afford to go on in the old way without it.

# A FEW THINGS To Keep in Mind

---

We are a \$100,000 Massachusetts Corporation.

We guarantee everything we sell exactly as represented or money refunded.

We sell for cash only.

We do not prepay freight, express or mail charges.

We can not send chimneys by mail.

We can send mantles by mail for 2 cents each for postage.

We advise one *to use the best quality of oil* to get the best results.

We will do our best to please you, and we will try and give you a *Square Deal*. In fact, none of the magazines in which we advertise would accept our business if our goods were not what we say they are.

Reference : Bradstreet's, Dun's or any bank in this city.

H. H. Harrington, President

Fort Worth, Tex., Jan. 22, 1909

U. S. Automatic Lighting Co.

Dear Sirs:—I received the SAXONIA lamp and fixtures, and am very much pleased with the lamp and the light it affords. It is the softest light on the eyes, and at the same time the most brilliant that I have ever tried. Even with the express to pay from Massachusetts, I would not be without the light.

Yours truly,

*H. H. Harrington*

J. H. C. Winston, Ph.D., Professor of Chemistry

Hampden Sidney, Va., Dec. 15, 1908

U. S. Automatic Lighting Co.

Gentlemen:—The SAXONIA came to hand in perfect condition. I feared your claims were extravagant, but to my unbounded astonishment they are carried out in the very fullest.

Very truly yours,

*J. H. C. Winston*
